## MINING NEWS.

**Mohave Miner:** Last month the Kingman sampler sold to the Pueblo smelter over \$28,000 worth of ore. And yet the people say nothing is being done in our mines. All ore shipments are the product of chloriders, no company is now shipping ore.

**Mohave Miner:** While working on the gravel claim of Frank M. Barnes, five miles below Bonelli Ferry, workmen uncovered a mammoth bone, at a depth of thirty-five feet. The bone measured forty-three inches in length and eight inches in diameter. The bone is supposed to be from a mammal of prehistoric time.

**Mohave Miner:** While mulling ore from the wall on the Eureka mine last Monday a small piece of quartz flew off and struck Henry Strawbell in the right eye, inflicting a painful wound and injuring the sight of that organ. He is having the injury cared for by the doctor, but it will be a long time before he fully recovers the use of the eye again.

**Prescott:** Courier: Some have prophesied a severe winter for this section but a well known local corn raiser said to the Courier reporter the other day that the coming winter should be mild because the shucks on the corn were thinner than he had ever seen them before. He said heavy shucks on the ears of corn was an unfailing sign of a severe winter ahead and light shucks of a light winter.

**Graham Guardian:** The Southern Pacific company have special armed guards on their passenger trains, 19 and 20 now, for fear of a hold up. One evening last week armed men rode into Bowie station just before the arrival of the west-bound train. Their actions led to the suspicion that a train robbery was contemplated. The robbers were foiled in their scheme by the prompt action of Engineer Walker and Postal Clerk C. H. Wild, who frightened them off with their guns.

**Mohave Miner:** J. W. Gerritt, owner of the Oro Plata mine, has leased to H. B. Hampton and William O'Day one hundred and fifty feet of ground in that property, on the main tunnel level. Al. James has also been given a lease on one hundred feet of ground on the same level. Owen McNeely has been granted one hundred feet on the level and all the boys will begin active work the first of the coming week. The Oro Plata is now working more men and producing more pay ore than any other mine in the country.

**Willcox News:** Mr. G. W. Bibbens, manager of the Golden Queen Consolidated Gold Mining company's mine, was in town Sunday. By the change now being made in the line of the Southern Pacific in the Dragoon Pass the road is brought within a mile of the Golden Queen and one-fourth mile from the proposed site of the company's mill. The Southern Pacific company has promised to put in a spur at Manzoro, the point nearest to the mine, and the mine owners will erect a platform. Mr. Bibbens is now taking out good ore and expects to make a shipment this week. In about three weeks he will return east to arrange with his associates for the erection of a mill.

Ladies wishing fall millinery can now leave their orders for anything special wanted with Mrs. S. K. Doyle, who will order at once. Her regular stock of fall and winter styles will be received by the twentieth of October.

### Capt. Jas. A. Duffey,

OF TOLEDO, OHIO.  
The Great Railway Detective Tells What Dr. Miles' Remedies Have Done For Himself and Wife.

**D**ETECTIVE work requires constant vigilance, steady nerves, a clear head and active brain. "A year ago," writes Capt. Duffey, of 631 Orchard St., Toledo, Ohio, "I overworked myself, was in such a condition sleep was impossible. I was so nervous I could not lie in bed, my arms and limbs twitched and my system seemed completely exhausted. I began using Dr. Miles' Nervine and the fourth bottle restored me to health. Mrs. Duffey had suffered for eighteen years with heart disease, had tried every remedy without avail until she took Dr. Miles' New Heart Cure two years ago. For the past year she has been free from the trouble."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on Heart and Nerves sent free to all applicants.
